EXPERIENCE

TECHNICAL PROGRAM MGMT. INTERN, LINKEDIN
MOUNTAIN VIEW, CA

JUNE 2015 - CURRENT

Support project deliverables on the Monetization team, specifically Premium Subscriptions. Apply and run agile software development practices with an engineering team. Track cross-functional dependencies alongside planning and maintaining the project plan.

CREATIVE TECHNOLOGIST INTERN, DESIGNIT
OSLO, NORWAY

JAN. 2015 - JUNE 2015

Developed prototypes, proof of concepts and static websites for several different client projects. Executed work in Objective-C, HTML/JS/CSS. Worked in collaboration with designers to bring new project concepts to life.

ENTERPRISE CLOUD SOLUTIONS INTERN, ADOBE
SAN JOSE, CA

JUNE 2014 - AUG. 2014

Developed a full stack feature within the team's internal tool that performed a gap analysis on AWS EC2 instances being utilized and identified the ones to purchase for the AMS Managers. Executed back-end development in Java to collect AWS info and front-end development in JS/HTML on the CQ platform.

SOFTWARE ENGINEERING INTERN, APPLE INC.
CUPERTINO, CA

JULY 2013 - JAN. 2014

Intern with the Localization Project Mgmt. team working closely with the budget team. Developed a data visualization web tool based on historical budget data. Implemented in HTML/JS using the DC.JS open source library for interactive visualizations. Gained insight into project management and localization budget processes, which entailed supporting team project managers and maintaining the budget for several key projects on a weekly basis over 2 months.

BUSINESS ANALYST INTERN, J.P. MORGAN CHASE
NEWARK, DE

FEB. 2012 - DEC. 2012

Intern with the mobile technology team as a business analyst. Assessed business needs, analyzed business priorities for internal teams interested in developing a mobile application. Established, organized, and maintained the team's wiki site content. Assisted in developing new processes for tracking and organizing all mobile applications developed within the company - i.e. process forms, and new SharePoint site content.

LEADERSHIP & EXTRACURRICULAR INVOLVEMENT

PRESIDENT OF ACM CHAPTER, NEWARK, DE – AUG. 2014-DEC. 2014

Director of the ACM chapter on campus. Facilitate weekly technical discussions, build and maintain the club's website, and plan a semester program that supplements the CS curriculum - i.e. Intro to Git, Intro to Node.JS
